## DONATE TO THE ZIG ZAG RAILWAY

If you enjoyed your visit to the Zig Zag Railway, and/or you want to help preserve an important part of Australia's heritage, feel free to send a donation.

Donations of \$2.00 and over to the Zig Zag Railway Co-op are tax deductible for Australian taxpayers. Receipt will be issued.

### **Railways are very expensive to maintain and run.**

In the case of Zig Zag there are:

- Old Steam Engines, Old Carriages, and Old Railmotors to maintain, - consider how expensive your car can be! These vehicles are much older.
- The infrastructure of track, signals, telephones, water, viaducts, tunnels and platforms.

The Railway is re-instating the next part of the original Zig Zag.

- This is the line between Clarence Station towards Newnes Junction.
- The distance is about 3.3km, about 2.0 km has been laid, but much more work is required.
